

Lilker Promotes Michael Leonick and Louis Licameli to Vice President

New York, December 9, 2015 Lilker Associates Consulting Engineers announced the promotion of Michael Leonick, P.E., LEED AP, and Louis Licameli, P.E., LEED AP, to Vice President. Now holding equity positions, both Leonick and Licameli are longstanding members of the Lilker team who have successfully assumed increased management roles over the 10-plus years they have been with the firm.

Michael Leonick heads up Lilker's electrical engineering department, a position he has held since 2006. Managing a staff of over 30, Leonick oversees client relations and design work on a broad range of projects in all market sectors, with particular expertise in healthcare facilities design. Currently, he is managing Lilker's Institute for Community Living project in Brooklyn, a new 45,000 sq. ft. Article 28 treatment facility; multiple renovations for New York Presbyterian Hospital's Department of Surgery; and the in-building relocation and redesign of former North Shore LIJ's (now Northwell Health) Staten Island University Hospital Laboratory. Since 2013, Leonick has served on the New York City Electrical Code Interpretation Committee (ECRIC) and recently joined the American Council of Engineering Companies of New York's (ACEC NY) Electrical and Fire Codes Committees.

Michael Leonick

Louis Licameli

Louis Licameli is the director of Lilker's Long Island office, responsible for client relations, business development, project coordination and staffing. His office was recently awarded the infrastructure upgrade contract for 40 Exchange Place in downtown Manhattan, a 20-story, 250,000 sq. ft. project under development by Newmark Holdings and Northwind Group. Under Licameli's management, Lilker LI just completed comprehensive MEP upgrades for the new kitchen/café at Estee Lauder's corporate headquarters in Melville, NY. Other notable projects include oversight of the ongoing engineering requirements for base building and tenant spaces at the 1.4 million sq. ft. iPark complex in New Hyde Park, NY, and several Federal and New York City projects for the General Services Administration (GSA) and the Department of Citywide Administrative Services (DCAS), respectively, including the 200,000 sq. ft. LEED-Certified HRA complex in the landmarked Banknote Building in the Bronx. Licameli serves as an instructor in the ACE Mentor Program for high school students and has been a member of its LI team for 11 years. He has also been involved in local community, civic, religious and higher education organizations for many years.

“Mike and Lou have been tremendous assets to the Lilker organization. They are team players, outstanding client managers and experts in their respective fields. I am pleased to recognize their well-deserved advancement,” says Bruce Lilker, president and CEO of Lilker.
