

Lilker Associates Promotes Two Executives to Associate Principal at NYC Headquarters

New York, March 24, 2015 Lilker Associates Consulting Engineers announces the promotion of Jose Rivera, PE, LEED AP, Director of Plumbing and Fire Protection, and John Hassett, Director of Technology Solutions Group, to Associate Principal.

Jose Rivera has headed up Lilker's growing sanitary and fire protection division since 2010. He is responsible for quality assurance and oversight on all projects in the firm's diversified portfolio of private and public sector work. He also manages large infrastructural projects, including, most recently, a domestic hot water distribution system upgrade at 2 Park Avenue, a ground-up city block-sized warehouse facility near JFK Airport, and condominium conversions at 31 Bond Street in Manhattan and 72 Poplar Street in Brooklyn. Rivera is a member of the American Society of Plumbing Engineers and the National Fire Protection Association, and an active participant on the American Council of Engineering Companies of New York Building Codes committee.

Contact Jose at 212.695.1000, ext. 244, or jrivera@lilker.com

With world class expertise and a pulse on organizations' ever-changing technology needs, **John Hassett** has built a solid client base for Lilker's Technology Solutions Group (TSG) since joining the firm in 2008. TSG delivers IT cabling, audiovisual and security solutions for commercial, institutional and residential projects, including corporate headquarter relocations and consolidations, total interior renovations and tenant fit-outs. Projects recently completed include IT cabling and security systems for St. John University's new 120,000 sq. ft. Manhattan Campus at 51 Astor Place; IT cabling, security and audiovisual designs for the 150,000 sq. ft. HRA installation at the Bronx Banknote Building; and IT cabling and security for Creative Artist Agency's (CAA) new offices on three floors of the Chrysler Building.

Contact John at 212.695.1000, ext. 240, or at jhassett@lilker.com

"We are pleased to acknowledge the great work and dedication of José Rivera and John Hassett. Their leadership, significant expertise and knowledge in their respective fields has contributed greatly to the firm's success and to the high level of respect clients afford us," says Bruce Lilker, PE, CEO and President of the 100-plus member MEP, technology, lighting design and energy services firm.

Robert Trovato

Keith Wanser

Also promoted in the New York City office were **Robert Trovato**, P.E., LEED AP, to Senior Associate, and **Keith Wanser**, CPD, to Senior Engineer.

Shane Carey and Benjamin McDermott were promoted to Engineer. At Lilker EMO, the firm's energy services subsidiary in Falls Church, VA, Danny Yeh was promoted to Senior Energy Engineer.

###

Founded in 1985, Lilker Associates is an award-winning MEP engineering, technology, lighting design and energy services firm headquartered in Manhattan with offices on Long Island and in Falls Church, VA. Licensed in many states, the company provides services for new and renovated commercial, institutional and retail facilities as well as high-rise and luxury residential buildings. The firm has two wholly owned subsidiaries: Technology Solutions Group (TSG) serves IT cabling, audio visual and security design needs; Lilker EMO Energy Solutions provides comprehensive energy auditing, modeling, commissioning and LEED consultation services.
